

## What's next?

What do you want to see happen in Mountain View? How could you become more involved and help Mt View become a safer, more vibrant neighborhood that provides more jobs locally and opportunities to get involved? Below are some ideas that have come up so far, based on past plans and interviews with people in the Mountain View area. What do you think? Are these right or wrong? Is something missing from this list? What is most important to you?

### Education and Leadership:

- Training and mentorships with established leaders, youth and emerging leaders.
- Host regular meetings of all local and city-wide players interested in Mountain View revitalization.

### Housing:

- Sponsor a block beautification contest.
- Work with homeowners and landlords to maintain and improve the quality of rental and owner-occupied housing.
- Maintain the availability of affordable housing for renters and homeowners.
- Develop more quality, mid-priced market rate housing units.

**Business:**

- Create more jobs in Mountain View.
- Build a year-round public market.
- Make Mountain View Drive a real Main Street from Glenn Highway to the end of the business district.
- Attract new businesses to Mountain View and expand existing businesses.
